

## Product Warranty Conditions

The warranty is made to the original principal only, and is not transferable or assignable. This warranty does not apply to any unauthorised alteration or repair of the Product, or to any Product or component which has been damaged or deteriorated due to misuse, neglect, accident, failure to provide necessary maintenance, normal wear and tear, or acts of nature or any other cause beyond the reasonable control of Seller. Powdercoat finishes require special care and cleaning; the warranty excludes any damage caused by any failure to strictly follow manufacturer's instruction with regard to maintenance. Details of our servicing and maintenance recommendations are available on the Service Department page.

The warranty does not apply to any damage or deterioration caused by exposure to salt water, chemical fumes or other corrosive or aggressive environments, whether naturally occurring or man-made, including but not limited to, environments with a high degree of humidity, sand, dirt or grease or windblown sand, dirt or other abrasive materials. The warranty specifically excludes any damage resulting from scratching, abrasion or impact by any hard object, inherent surface to surface contact; noise, or vibrations and any fading or colour change which may not be uniform due to unequal exposure of the door sections to sunlight or other elements. Dark colours may cause deflection in direct sunlight and are therefore excluded from this warranty.
